### Spring Term

It has been such a busy Spring term and it really doesn't seem like five minutes since we were celebrating Christmas in school. We have had some great things going on such as World Book Day, Comic Relief and World Skipping Day. Many of the children have had the opportunity to take part in sporting events such as after school clubs, dance festivals, football and hockey tournaments. Our new play leaders have taken on their new roles at breaktime with confidence and determination and lead active playtimes which all children are encouraged to take part in. Our recently introduced 'R' word Robots have been a big hit and it is great to hear the children talking about how they are being Responsible, Respectful and Resilient in school but also at home and within the wider community. Our new IT system including School 360 reward points has also encouraged the children to work hard, be kind and play an active role in school life. I am very much looking forward to a Headteachers treat when we come back after the holidays.

### After School Clubs

Next half term we will be running athletics, basket ball and art clubs after school separate letters have already come home this week for the children to sign up to these clubs. Coding Club will also continue to run.

### Considerate Parking

I know that it is very busy around school with vehicles especially at drop off and pick up times. We ask that parents and carers are considerate of our neighbours and avoid parking over drives and blocking cars in. Also please continue to remind children of staying safe when coming to and from school.
