Safeguarding

We are committed to safeguarding all children if you have any concerns about a child please speak to Mrs Cuthbertson, Mrs Armstrong, Mrs Chapman or Mrs Raine.

Warmer Weather

We are pleased to see that the sun has finally got it's hat on and we have been experiencing warmer weather (long may it continue). We ask that parents support us in keeping the children safe in the sun by applying a long lasting sun cream (such as a once a day/ 8 hours+) and sending the children into school with a sun hat. We will provide the children with water and shade during warmer periods outside. Unfortunately due to allergies the children should not bring sun cream into school to reapply.

Online safety

This week staff have completed online safety training looking at further ways we can teach children to be safe online. The training highlighted key apps and platforms which carry risks for children in particular Snapchat and Roblox. We know that many of our children use these apps and games and would encourage parents to check privacy settings and monitor closely what the children are accessing/viewing online. We will be continuing to teach the children about keeping safe online and what to do if they are unhappy with any content or sites they come across. I have attached some guidance for parents about Snapchat and Roblox in particular.
